# Milad Farazian

## Computer Scientist, B.S.

20805 Campania Lane  
Porter Ranch, CA, 91326  
(818) 447-9511  
mfarazia@ucsc.edu

## SKILLS

- Flexible when it comes to speaking in front of an audience & working with other team members.
- Advanced knowledge of Java coding language & Beginner knowledge of C/C++

## EXPERIENCE

### **American Cancer Association *Relay for Life, West Hills CA - Luminaria/Stage***

SEPTEMBER 2016 - JUNE 2018

Worked in connection with the American Cancer Association to run the Relay for Life event at our school to raise money help support cancer research

- Luminaria - Shared a personal poem of when I lost my father from Pancreatic Cancer. I spoke in front of a large portion of the school.
- Stage - Ensured that all equipment and stage activities were accounted for to make the event more entertaining for donators.

### **Sierra Canyon Elementary School, Chatsworth CA - *Counselor***

JUNE 2014 - AUGUST 2017

Entertained large groups of children and helped them when they needed assistance.

- Gained a great sense of responsibility & confidence which allows me to be so outgoing today

## EDUCATION

### **University of California Santa Cruz - *Computer Science Current GPA: 4.0***

SEPTEMBER 2018 - PRESENT

*Current Coursework:* MATH 19B(Calculus), CMPS 12B (Intro to Data Structures), FMST 20

## PROJECTS [Check out: github.com/MiladFarazian/](https://github.com/MiladFarazian/)

### **“Katsuya’s Revenge” GUI-based Java Platformer - Role: *Level Designer***

FINISHED JUNE 2018

- Worked with object-oriented programming to create GameObjects, such as platforms and enemies, and assign various sources images to GameObjects.

### **“Diridon” Bringing Music & Mood Together - Role: *Main Programmer***

FINISHED DECEMBER 2018

- GUI-based java program; suggests a list of songs to playlist based on your current mood.
